

Pahoa Animal Hospital HEALTH CERTIFICATE

Health certificates are issued as part of USDA regulations for monitoring of infectious diseases. A Certificate of Veterinary Inspection (CVI) is issued by an accredited veterinarian according to the requirements established by each state regarding import of pets. Informing us of your final destination prior to your appointment allows the accredited veterinarian to confirm the import requirements for that state ahead of time to ensure efficient use of appointment time. Airline requirements for traveling with pets may be different than interstate pet import regulations.

**Submit this completed form via email to pahoaanimalhospital@gmail.com at least 2 days prior to your appointment
